**REASONS FOR ALLOWANCE**

Claims 1-3, 5-6 and 13 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fail to disclose the combination of all the limitations recited, including a light emitting or receiving semiconductor chip has outer surfaces coated with a coating film formed of amorphous fluororesin, wherein the coating film is entirely spaced from all outer surfaces of the resin package and the coating film has a thickness of 5-50  $\mu\text{m}$  (claim 1) and the coating film formed of amorphous fluororesin on the outer surfaces of the semiconductor chip also covering the wire and the inner portions of the first and second leads (claim 13).

Therefore, the amended limitations together with the overall structure of the semiconductor device is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
